**Re: Bioterrorism Preparedness and FSMA Statement**

We have received your inquiry about our conformance with the Public Health and Bioterrorism Preparedness and Response Act of 2002. This letter serves to communicate that Ardent Mills, LLC is in compliance with the U.S. Food and Drug Administration (FDA) requirement that all domestic and foreign food facilities be registered with the FDA.

Amendments made by the Food Safety Modernization Act of 2011 (FSMA) added the requirement that all domestic and foreign food facilities renew their food facility registrations with the FDA between October 1 and December 31 of each even-numbered year.
