

Ardent Mills Sustainability Commitment

Ardent Mills is actively engaged in the pursuit of sustainability improvements to benefit the communities where we live and work, our customers and ultimately consumers. We are committed to being an industry leader in corporate responsibility in all aspects of our operations, and are proud to continue the efforts established by our legacy operations and parent companies.

We will conduct our business using our core values:

TRUST
SIMPLICITY
SERVING
SAFETY

We will minimize our environmental impact and help to conserve natural resources with a strong focus on:

Agriculture
Operations
Procurement
Transportation

We will treat people with dignity and respect

We will engage with and nourish the communities in which we live and work
