Re: Country of Origin

To whom it may concern:

The products made from wheat, rye, barley (including malt), or durum products supplied from Ardent Mills facilities to your company is milled/produced at our community mills located in the United States, Puerto Rico, or Canada. The specification sheet and/or COA note the facility of origin in which the products were milled/produced using grains from various sources.

Please contact Ardent Mills at the email address listed below if you need more information.

Sincerely,

Ardent Mills Regulatory Team
